# CHICANISMO

This compilation of Chicano materials has been selected by the Committee to Recruit Mexican American Librarians to fill the need for a representative collection in libraries everywhere. We have concentrated exclusively on materials in English and on the Chicano, not Mexico or the Mexican. In addition to lists of adult and children's books, periodicals, films, and a list of Chicano publishers, we have included some sources for Spanish language materials in California.

The Committee to Recruit Mexican American Librarians is composed of librarians from the Los Angeles County and the Los Angeles City library systems who are actively engaged in recruiting for the library profession. Current statistics indicate that there are approximately 14 million Spanish-Surnamed in the United States and far too few librarians from this minority.

Printed with Federal Library Services
and Construction Act Funds.
